

A R T AFTER SCHOOL

In this 1-hour class, pre-schoolers explore collage, painting, drawing, sculpture, and printmaking, oh my! Each project is multi-layered and completed over a series of several classes ending with an art show where artists present their finished piece and explain their artistic decisions to the class. Our goals for our pre-school artists are to:

- Experiment and explore a wide variety of artistic materials, tools & methods
- Develop an emerging understanding of how to create both abstract and representational artwork including an introduction to the art elements: color, shape and line.
- Develop language to explain their process and artistic discoveries with peers
- Develop language to express what they see in the artwork of others'
